Preceptor Training for Experienced Nursing Facility Administrators – Full Training

July 26, 2016 | 1:00pm – 4:00pm
OHCA Board Room, Portland

This Oregon Nursing Home Administrators Board (NHAB) approved training will prepare you to take on this role and be a successful mentor for new nursing facility administrators.

In this comprehensive program, participants will learn about the Oregon Nursing Home Administrators Board rules, requirements, and expectations of an Administrator in Training (AIT) program. Participants will learn tools for finding the right AIT to fit within company/facility culture and how to develop an AIT curriculum and training program which takes into account the experience, strengths, and weaknesses of the AIT. Participants will walk out of this course as certified preceptors and will be prepared with the tools necessary to create a comprehensive program that cultivates successful AITs.

Nursing Facility Preceptor Qualification Requirements

- Hold a current Oregon Nursing Home Administrator license with no current or pending disciplinary action and with no fines, fees, or civil penalties owing to the agency
- Have been a licensed Nursing Home Administrator for at least three years
- Have attended a board approved workshop for preceptors in Oregon within three years preceding the date of application for registration. *This training course meets this criteria.*

**Cost**

OHCA Members: $109/person
Non-Members: $209/person
